

## WD-Assign6 – Basic CSS Assignment

Download a new copy of the template and save it to your **XHTML folder** (in your documents folder) as ***firstnamelastname-WDassign7.html***

For this assignment, you will create 15 unique CSS styles on one web page. In completing this assignment you must meet the following requirements:

1. For each example you must use:
  - font-sizes
  - font-family
  - font-weight
  - color
  - text-decoration
  - background-color
  - border attributes
  - padding
2. You must change the background color of the page
3. You must have one example that has 4 significantly different borders on the same box
4. All 15 styles must be unique and very different from each other.
5. You must have an <h1> title at the beginning of your page that is styled with CSS.

---

When finished, place a copy of this file in my drop-off folder.
